- The course is delivered through the **VITOL Moodle platform**: <https://moovitool.vit.ac.in>.
- Each week, students will receive about **3 to 4 recorded videos** along with **reading materials**.
- Students can use the **discussion forum in the LMS** to raise doubts and respond to their peers' questions.
- Faculty members will provide **open office hours** for students to discuss their doubts in person.
- Faculty members will also conduct a **one-hour live class every week** to interact with students and clarify queries.
- Three best quiz scores out of four quizzes** will be considered, carrying a total **weightage of 30 marks** (10 marks for each quiz).
- A **midterm exam** with a **weightage of 30 marks** will be conducted during CAT-2. This will be a **computer-based MCQ exam** held in VIT labs, with **30 questions in 45 minutes**.
- Students may contact their **course faculty members** for any academic doubts.
- The **Final Assessment Test (FAT)** will be conducted in VIT labs as per the schedule given by the CoE. This will be a **computer-based MCQ exam** with **40 questions in 60 minutes**, carrying a **weightage of 40 marks**.
- Any **technical issues** related to course access can be reported to lms.vitol@vit.ac.in.
